Poster Presentation

Please upload your poster presentation via the submission site by 23 August. The submission site will open from 10 August. Your poster will be posted at the ACSAC10 virtual venue and will be freely available for participants to watch during the conference.

Poster sessions will be held using the breakout room function of Zoom.

Presenters will be asked to enter the virtual room for each poster session, where they will have 45 minutes to answer questions from the audience.

Presenters are responsible for displaying their own poster data.

You can also prepare your own poster for the breakout room.

<Guidelines for poster presentation>

Number of slides: no more than 8 slides including the title slide. File format: Image files (.jpg or .png). No other format such as PDF will be accepted.

How to make a presentation poster

Please prepare a maximum of 8 presentation slides in Microsoft PowerPoint.

The recommended aspect ratio is **4:3**.

The title, name, and affiliation should be included in the first slide, and please include a photo of your face if possible.

Copyright must be observed. Presenters should obtain copyright permission for use at ACSAC10.

After you have completed your presentation slides, please convert them to image files (.png or .jpg) as follows:

❶ File > ❷ Save as> ❸ Save as ".png" or ".jpg"   *pdf file is NOT allowed.

Your presentation slides should be saved as a maximum of 8 image files.

Please make sure you upload all the files in the correct order. The files will be merged and published in page order.
