During the above period, you can display your poster in the room that has been allotted to you and conduct a question and answer session with the participants.

Presenters with odd presentation numbers are required to be in their own room during the first part of the session (45 minutes, 12:15 PM-1:00 PM), and presenters with even presentation numbers during the second part of the session (45 minutes, 1:15 PM-2:00PM). Chairpersons will check if each presenter is in his/her room during the core time above. (Poster session chairpersons: Akira Yamauchi, Hiroshi Ehara, Shiro Mitsuya and Daisuke Sugiura)

1. Entry of poster presenters into the room

Please enter the applicable Zoom meeting of your poster session at least 10 minutes before the core time from the zoom button on the program page in online conference site.

Click “Breakout Rooms” from the Meeting Control Bar located at the bottom of the screen.

Select the breakout room showing your presentation number and name, enter the room and wait for the session to start.

2. During the session

Poster presenters should post your poster (slide) as needed using “Share Screen” and conduct a question and answer session with the participants with video and microphone.

When there are 5 minutes remaining, the host will inform all of the participants and the presenter of the remaining time.

3. Completion of the session

The host will inform all of the participants and the presenters of the completion of the first (second) part of the session.

After the participants leave the room, the poster presenter should also press the “Leave Breakout Room” button located in the lower right of the screen in order to leave the room.

At the end of the second part of the session, the host will close the meeting to start the next session.
